

Buzzard's ROOST[®]

DOUBLE OAK
sipping whiskeys

CIGAR BLEND

OVERVIEW

Buzzard's Roost is reviving one of its most popular offerings, with this all-new limited time offer: Cigar Blend Bourbon.

This double oak whiskey spent years aging in new oak barrels, before being re-casked into our own proprietary lightly-charred, heavily-toasted barrels for secondary maturation. During secondary aging, the bourbon mellowed and developed subtle smoky aromas and flavors of sweet caramel and baking spices that lead to an extraordinary long finish. This whiskey is the ideal complement to a good cigar - and it's also an overall exceptional whiskey.

This limited-time offering is sure to be snapped up by fans of Buzzard's Roost's earlier releases of Cigar Rye and lovers of cigar-blend whiskeys. It's well-timed for the fall and holiday seasons of gifting and gathering.

SPECIAL OFFERING

In addition to the new Cigar Blend Bourbon limited time offering, we have a few other cigar blend whiskeys in our inventory, available as single barrels. These unique offerings include Cigar Blend Bourbon, Toasted Cigar Blend Bourbon, Cigar Blend Rye and Toasted Cigar Blend Rye.
