TOASTED RYE

OVERVIEW

This award-winning rye whiskey spends years aging in new oak before mellowing in additional new toasted casks. Our proprietary toasted barrels impart a hint of vanilla to balance the spice of this rye whiskey.

PROCESS

We start with 4-Year-Old MGP Rye, rebarreled into our proprietary new heavily toasted American oak barrels—no char. Toasting draws out sweet aromatics and adds complexity without overpowering the rye's natural vibrancy. Bottled at 105 proof.

TASTING NOTES

The palate opens with baking spice, warm brown sugar, and fresh orange peel. A smooth, lingering finish offers notes of light pepper and soft fruit.

WHY TOASTED RYE?

Toasted Rye delivers all the spice rye drinkers love—refined by our signature toasting process. It's a standout for whiskey flights and by-the-glass pours. Carrying this expression elevates your rye selection and showcases your commitment to craft.
