

CALI DISTILLERY

CALIFORNIA SIPPING WHISKEY

California is a sun washed land of dreamers and builders, with a relaxed creativity and natural luxury that inspires the world. CALI **California Sipping Whiskey** is reflection of that warm, welcoming, easy going culture. Rich, and smooth, with a deep tan and a hint of complexity CALI is a unique California Twist on classic American Sipping Whiskey. Smoother than a frontier rye, but more complex and flavorful than a traditional Kentucky bourbon, CALI is a whiskey with a California vibe: Come on over, relax, have a drink, check out the sunset.

THE **tastingpanel** MAGAZINE **92 Points** PUBLISHERS PICK

Aromas of baked pumpkin bread, orange peel and baked apples waft from the glass, so fresh and fragrant. Nutmeg, allspice, molasses and dark bread are an all-star cast on the palate, making for a truly distinctive whiskey. It warms the mouth as well as any hot toddy, the cinnamon notes increasingly sweet to the finish. Hand crafted from a mash of bourbon, rye, hand-ground botanicals and aromatic spices

PRODUCT INFO:

CALI is bottled at 85 proof

750ml bottles

CALI California Sipping Whiskey is Certified Kosher

Look for CALI starting in February 2017

The flavors of CALI arise organically from the interaction of the rich corn mash bourbon, and spicy rye, mellowed by clean oak and then finished with our own signature blends of herbs, spices and botanicals.

CALI starts with pure whiskey front notes and ends with subtle, complex, slightly sweet spice notes.

CALI California Sipping Whiskey, is a small batch spirit. That means we only make a few barrels at a time, so it can be hard to find. We make every bottle by hand, in our little beach town distilled spirits plant from all natural ingredients. Never GMO. Never Industrial. We are truly excited to bring our family of natural hand crafted spirits to your family.

It's a limited edition run, but we are hoping that you enjoy it before it's gone.
