Château du Breuil

Vintage 1998 15 Yr

Nestled in the heart of Normandy, Chateau du Breuil gives priority to quality rather than quantity.

This Calvados is not a blend, it has been distilled in 1998, which means that it has been made with the apples of 1997. This Calvados is still aging, because it is still in the oak casks. It is only bottled according to the demand. This year has brought this very complex and distinguished Calvados, with a unique taste of apple and wood. The bottling date is on the back label.
