Dovetail is blended to highlight some of our favorite flavors. Woody bourbon; terroir driven Dunn Cabernet; toasted french oak; Late Bottled Vintage Port pipes; black strap molasses casks; all working in tandem to create a buttery and deep whiskey as unique as it is delicious. Dovetail took almost a year to get right, from blending to labeling, all coming together in a seemingly perfect point.

**Appearance:** Rose gold with highlights of worn copper.

**Nose:** Opens with mature aromas both sweet (canelé, panna cotta, crème de noyaux) and savory (walnut oil, leather). This is followed quickly by a vast array of fruit derived both from the spirit (smoked apricot, grapefruit peel) as well as the cask treatment (sloe gin, damson jam). The aroma is high toned, pungently floral and herbaceous, with subtle, balancing pops of minerality.

**Palate:** Darker (cocoa, molasses, burnt marshmallow) and spicier (cola, nutmeg, Tellicherry peppercorn) than the nose, an effect well-complemented by the cask treatment and rendered more complex by the savory and herbaceous themes running throughout.

**Finish:** A sweet and elegant signature of rose jelly, chestnut honey, and Pineau des Charantes that also features hazelnut, eucalyptus, and Corsican mint.

**With a splash of spring water:** An unexpected avalanche of orange and tropical notes of watermelon, lychee and vanilla on the nose.

At Barrell Craft Spirits, our goal is to find and select barrels of great tasting, high quality spirit. We craft products that explore the unique effects of different distillation methods, barrels and aging environments, and bottle them at cask strength. Every batch is a limited release and has an intentionally distinct flavor profile. We take pride in producing, preserving, and presenting spirits to the people who enjoy them most. Lift your spirits.™
