TEQUILA EL DESTILADOR®

SILVER • REPOSADO

El Destilador Silver & Reposado Tequilas are triple distilled 100% Blue Agave produced and bottled by Corporativo Destileria Santa Lucia, S.A. de C.V. Established in 1946 by Señor Enrique Guillermo Newton Alexanderson, it has grown into one of the most respected Tequileras in the region. The producing distillery name "Tequilera Newton E Hijos" changed in 2011 to Corporativo Destileria Santa Lucia. Destileria Santa Lucia has garnered many medals, including the gold medal for the best Reposado at Chicago's World Spirits Championships.

El Destilador is an exceptional quality premium tequila. The Blanco presents a clean aroma and pleasant flavors of cooked agave and fine wood. The Reposado has an intense yellow color with straw-colored tones, and a clear nose with agave and its pleasant flavor recalls wood and raw agave notes. It is full bodied with legs. Aged in fine white oak casks, it is ideal for drinking straight up - though it mixes well in your favorite cocktail.

100% PURO DE AGAVE
