Jack Ryan Beggars Bush Single Malt Irish Whiskey

In 1913, Thomas Ryan bought the Beggars Bush pub on Haddington Rd Ballsbridge Dublin, and went on to own a string of pubs in the heart of Ireland's capital. He got to know what Dubliners wanted, and indulged his passion for sourcing the best whiskey, finishing it with finesse, though experiments with different barrels, to get it just right. He challenged whiskey drinkers with a variety of finishes, before it was fashionable, intrigued them, tickled their fancy and brought them back for more. Ryan's Malt was a legend, and Thomas' son Jack, who grew up in the whiskey and pub trade, carried the tradition on. Jack continued to source Dublin's finest; he finished it meticulously, bottled his own, personally poured it, and was always in touch with the real connoisseur – the Dublin whiskey-drinker on the other side of the counter. The Ryans still own and run "The Bush", and in 2013 the family released a worthy successor to Ryan's Malt. Jack Ryan 12 year old single malt Irish whiskey arrived, and was the runaway 2014 winner of the prestigious Irish Whiskey Award for single malts 12 years and younger.
