Maraschino Liqueur

A blend of our Montmorency cherry eau-de-vie and an eau-de-vie made from Croatian Marasca cherries, along with some honey and some cane sugar.

The sugar content is kept low to maintain the spirit's drier qualities. Although, the maraschino liqueur is sweet, is still manages to maintain a nice balance with the cherry blossom and dark cherry flavors resulting in something that is floral, sweet, sour and dry all at once.
