

PROPERTY OF PACIFIC EDGE IMPORTS, AGOURA HILLS, CA

Fernet Leopold Highland Amaro

Fernet Leopold relies on bitter aloe and spearmint as its prominent flavor agents (though more than 20 botanicals are present in the mix).

The pairing of aloe and spearmint creates the untamed taste of cooling, sweet menthol with plenty of alcoholic heat. Fernet Leopold sings beautifully in cocktails, sweet enough to stand in as minty-fresh version of vermouth.
