PROPERTY OF PACIFIC EDGE IMPORTS, AGOURA HILLS, CA

LEOPOLD BROS
SMALL BATCH DISTILLERS OF FINE SPIRITS

Maryland-Style Rye Whiskey

Every aspect of the distilling process is done by hand with painstaking detail.

We have chosen to re-create the fruity, floral notes of this lost style not by adding strange juices, but rather by selecting unusual yeast strains and interesting varieties of malt. These choices add aromas of lavender, dark chocolate and berries to the Rye, paying homage to a lost whiskey that hasn't been distilled in Maryland for decades.
