STORIES YOU CAN DRINK®

Every Filmland Spirits release is based on an original movie script dreamt up by the Filmland storytellers. The characters and universes we invent pay homage to the B-Movies of the mid-twentieth century. Robots and monsters, heroes and villains, big, over-the-top plots and settings are all part of each of the Filmland worlds we build. The movies on the label go hand in hand with the liquid in the bottle. The story is the whiskey and the whiskey is the story. They are meant to be experienced, explored and enjoyed together.

IS TRUE LOVE FINISHED?

Picking up where Moonlight Mayhem! left off... Young lovers Tommy and Sylvane seek serenity in a disused Napa Valley Vineyard. With her brother, Slate and his Pack hot on their heels, they inadvertently cross paths with the mythical White Port Wolf, leaving Tommy wounded and wine country in chaos. Will our heroes befriend this new threat to aid in their escape or will they side with Slate against The Terror of Terroir?

THE WHITE PORT WOLF
THE MYTH

Beauty AND the beast, this pack-less lone wolf will do anything to protect her solitude and her territory - which our heroes unknowingly invade.

TOMMY DAWSON
THE MARTYR

Boy-Next-Door turned Man-On-The-Run, Tommy is desperate to escape the horrors of Hollywood and find peace and harmony in St. Helena.

SYLVANE SAXON
THE MAULER

With nowhere left to hide, she-wolf Sylvane must protect her beloved while facing dual threats from both family and fiend.
