

MAURIN QUINA

Maurin Quina is a sweet white wine fortified with an infusion of wild cherries, quinine and measured amounts of cherry brandy, lemon and cherry juice added. It is versatile, elegant and subtle, an aperitif that is lovely on its own, and is perfect as a mixer. Maurin Quina has a delicate red hue, and bright cherry flavor with a quinine backbone. The subtle wine base elevates an array of wild cherry, with light lemon and almond notes.
