

PROPERTY OF PACIFIC EDGE IMPORTS, AGOURA HILLS, CA

McKenzie Rye Whiskey

Made from local rye grain and is distilled using old-time techniques. We age this whiskey in new charred oak casks and finish in sherry barrels from local wineries.

The sherry balances the spiciness of the rye and also gives a nod to the wine region where this whiskey is produced. Notes of orange peel, cardamom, mint and butterscotch stand out on the palate. Exceptionally smooth for a young whiskey.
