

# CHILI PEPPER VODKA

## Production & Tasting Notes:

*Vibrant fiery orange in color from an infusion of Hungarian goathorn peppers. We source these flavorful peppers from the same Washington farm prized by our friends at Mama Lil's. We filter our vodkas once using minimal charcoal to retain the character of locally-sourced grain, while our fractioning still ensures a superior clarity and sharply-focused structure. This spirit's savory red pepper nose is surrounded by a subtle earthiness. More about flavor than burn, it builds to a gently spicy heat that dissipates into fresh capsicum with a touch of sweetness on the finish.*
