Old Raj Gin

Old Raj Gin

Produced by compounding a gin flavor (essence) with a neutral Scottish grain spirit.

Produced by compounding a gin flavor (essence) with a neutral Scottish grain spirit.

The gin essence is prepared by steeping botanicals in an alcohol and water mixture and then distilling in a small pot still. The addition of Saffron adds a slightly spicy flavor and pale yellow color to the Old Raj.

The gin essence is prepared by steeping botanicals in an alcohol and water mixture and then distilling in a small pot still. The addition of Saffron adds a slightly spicy flavor and pale yellow color to the Old Raj.

Old Raj is bottled at two strengths, 46% ABV and 55% ABV.

Old Raj is bottled at two strengths, 46% ABV and 55% ABV.
