## *Silver cachaça*

The purest representation of Morretes sugarcane, this silver cachaça is a testament that terroir matters. The aroma of bananas is present from the first whiff, followed by the rainforest notes that shine through the spirit, giving it a pleasant floral note. Sea salt balances the tropicity of the spirit, adding a savory quality and settling the overall impression to a mouth-watering sweet red pepper.

**AS CLEAN AS THE RAINFOREST AIR.**  
Rested 1 year in chemically-inert stainless steel.

CORE SPIRIT

# novo fogo *Chameleon*

Our "Chameleon" expression marries the savory identity of our Silver Cachaça with the vanilla notes of our oak-kissed Barrel Aged edition. It's aged just long enough to reach mixability peaks without losing its rainforest and sugarcane funk. A hazelnut nose is continued with sweet and spicy herbs in the palate and finished with lively citrus. From tiki drinks to stirred aperitifs, this versatile cachaça is the bartender's friend.

**MIXABLE FUNK, that's all we promise.**  
Aged 1 year in repurposed American oak barrels.
