

SPIRITED UNION — RUM CO —

PINK GRAPEFRUIT & ROSE

To match the refreshing floral taste of our Swazi rum we've distilled the skin of blush-pink grapefruits for its pleasingly and semi-sweet taste. To balance out its slightly sweet character, we've infused blood orange for a bitter, sweet and sour taste.

For an intense floral aroma we've vapour infused our rum with a fragrant garden rose. These lush, round, open and highly fragrant petals work perfectly with the honey scented elderflower blossom. Their sweet and tangy aromas create the perfect union of citrus and blossom.

The **STORY** of SPIRITED UNION BOTANICAL RUM & DISTILLERY

Brought together by a shared belief that rum should be delicious and fresh. We've turned it into our mission to unite rum and botanicals to create a colourful and refreshing new world for rum which we call; Botanical Rum.

We believe in a hands-on approach to quality and taste; its why each and every botanical we use is distilled or infused by hand in our distillery in Amsterdam.

Our pledge to the planet is to eliminate unnecessary single use plastic in our production process, to make use of solar energy and to produce in the spirit of sustainability.

The difference between something good and great, after all, comes down to the details.
