

QUEEN PINEAPPLE & SPICE

To create the perfect union between pineapple and spice we've selected a delicious fruity queen pineapple. Its complex fruity notes combined with tropical freshness, unite perfectly with our Panamanian rum. These mini pineapples have a fragrant golden orange skin and juicy bright yellow fresh glow. They are sweeter and more aromatic than your typical pineapple, resulting in a delicious rich aroma.

To create a well-rounded taste we've balanced the natural sweetness of pineapple by infusing our rum with cassia wood and sweet spice. To celebrate the sweet taste of queen Victoria pineapple, we've distilled "the queen of spices" with cinnamon to add a bit of heat to the sweet tasting tropics.

*The **STORY** of* **SPIRITED UNION** **BOTANICAL RUM & DISTILLERY**

Brought together by a shared belief that rum should be delicious and fresh. We've turned it into our mission to unite rum and botanicals to create a colourful and refreshing new world for rum which we call; Botanical Rum.

We believe in a hands-on approach to quality and taste; its why each and every botanical we use is distilled or infused by hand in our distillery in Amsterdam.

Our pledge to the planet is to eliminate unnecessary single use plastic in our production process, to make use of solar energy and to produce in the spirit of sustainability.

The difference between something good and great, after all, comes down to the details.
