

SPIRITED UNION — RUM CO —

SPICED

Inspired by the ways in which top chefs, chocolatiers and mixologists combine flavours. We've infused the finest botanicals from the land into a smooth cask-aged Barbados rum. Rounded off with a touch of Añana salt from the sea for a signature flavour.

We've taken great care to infuse a smooth cask-aged Barbados rum with delicate flavours from our Ugandan vanilla, Tanzanian cloves, green cardamom and delicious cacao for a rich decadent finish.

Inspired by the ways in which top chefs and chocolatiers use mineral salt to enhance taste and flavour. We combined our botanical rum with a pinch of organic Añana sea salt from Spain.

*The **STORY** of* **SPIRITED UNION** **BOTANICAL RUM & DISTILLERY**

Brought together by a shared belief that rum should be delicious and fresh. We've turned it into our mission to unite rum and botanicals to create a colourful and refreshing new world for rum which we call; Botanical Rum.

We believe in a hands-on approach to quality and taste; its why each and every botanical we use is distilled or infused by hand in our distillery in Amsterdam.

Our pledge to the planet is to eliminate unnecessary single use plastic in our production process, to make use of solar energy and to produce in the spirit of sustainability.

The difference between something good and great, after all, comes down to the details.
