CHARACTER VODKA: FULL FLAVOR, NO BURN

Golden Eagle takes the path less traveled, introducing an ingredient-driven Character Vodka that's sweet on the nose, full-bodied on the palate, and exceptionally smooth on the finish. Departing from the trend of neutrality and over-distillation, we preserve the natural depth of our single-origin red wheat. Distilled just once, this spirit is crafted for both whiskey and vodka lovers, and is best enjoyed neat, on the rocks, or in elevated classic and reserve cocktails.

SINGLE-ORIGIN, HARD RED SPRING WHEAT

Golden Eagle is crafted in small batches from an exclusive bread-making wheat known as "Dark Northern," a high-protein wheat from the Hard Red Spring class, bred to thrive in Montana's extreme conditions: arid climate, wide temperature swings, and nutrient-poor soil. These harsh elements drive deeper root systems, producing grains with concentrated flavor and remarkable complexity. Renowned as the aristocrat of wheat for its high protein content and bold, nutty character, Dark Northern Red wheat is the cornerstone of Golden Eagle Vodka's rich, signature flavor.

FLAVOR PRESERVATION PROCESS

Estate-grown in Montana's Big Sky region, our Dark Northern Red wheat is nurtured by Yellowstone spring water, both in the field and in the still. To preserve its natural complexity, Golden Eagle is distilled *one perfect time*, in a custom, barbet-style column still to capture its rich, full flavor. We collect only the pure hearts of the distillation run—discarding the harsh heads and oily tails—to deliver a smooth, full-bodied vodka without the burn or the headache.

TASTING NOTES

Nose: Malty, brioche dough, vanilla bean, almond, marzipan

Flavor: Full-bodied, bold, subtly sweet, creamy, toasted nuts

Feel: Luxuriously smooth, rich, plush texture

Finish: Long and lingering, hazelnut, honeydew, and soft citrus
