► ETSU SAKURA JAPANESE GIN

43° / 70 CL ALSO AVAILABLE IN 20CL

Inspired by the tradition of Hanami, Etsu Sakura captures the fleeting beauty of cherry blossoms – a moment when Japan is adorned in soft pink hues, and the air is filled with delicate fragrances. A symbol of renewal and harmony, this celebration invites contemplation and shared moments of appreciation.

Distilled at the Akita Distillery on the island of Honshū, Etsu Sakura reveals a floral and refined expression, where the enchanting softness of sakura intertwines with the freshness of citrus and the complexity of Japanese botanicals. Its subtle balance is enhanced by the pure water of the Ōu Mountains, bringing finesse and lightness to every sip.

A true invitation to extend the spirit of Hanami all year round, best enjoyed in a cocktail or simply with tonic.
