Our unique liquors combine old world heritage with the flavors of Vermont.

– Christian Stromberg

SAXTONS DISTILLERY

History:

My family fled Czarist-controlled Lithuania in 1906. They strongly desired to assimilate into American society, but kept alive familiar Lithuanian traditions and customs, including making flavorful liquors. The tradition of crafting fine liquors has been passed from generation to generation, and we are pleased to share our unique liquors with you.

Small batch craft-made liquors, aged in American oak

Product description and drink recipes:

Sapling Maple Liqueur

Our flagship product, Sapling Liqueur is made with 100% Grade A maple syrup sourced from Vermont sugar makers. With the most robust maple flavor among Sapling products, the liqueur is one-third pure Vermont maple syrup. Use it as a mixer or enjoy its maple syrup flavor unadulterated.

Maple Margarita
2 oz. anejo tequila
1½ oz. Sapling Maple Liqueur
1 oz. of fresh lime juice
½ oz. orange liqueur
Shake vigorously, strain into salt-rimmed ice filled glass.

By the case in 375ML and 750ML bottles.
35% Alc. by Vol. (70 Proof)

Sapling Maple Bourbon

Now our most popular product, Sapling Maple Bourbon is a perfect blend of Vermont maple syrup and American bourbon, splendidly aged in an oak barrel.

Vermont Harvest
2½ oz. Sapling Maple Bourbon
1 lemon wedge
2-3 fresh sage leaves
3-4 fresh tarragon leaves
Ginger beer
Muddle lemon and herbs, shake vigorously. Strain into chilled martini glass, top with ginger beer, garnish with lemon zest.

By the case in 375ML and 750ML bottles.
35% Alc. by Vol. (70 Proof)

Double Barrel Maple Bourbon

A different kind of spirits for different taste buds, Double Barrel Bourbon, our blend of straight and maple bourbons, produces a less pronounced maple flavor and sweetness but also a higher proof liquor.

Knotty Crown
3 oz. Sapling Double Barrel Maple Bourbon
1 oz. dark rum
Dash of Walnut Bitters
Put an ice sphere in a rocks glass and pour bourbon, rum, and bitters… gently swirl around for a moment then serve.

By the case in 750ML bottles.
45% Alc. by Vol. (90 Proof)

Sapling Maple Rye

Rye, a much more flavorful whiskey than bourbon, can be overpowering—but the maple syrup in our Vermont Maple Rye cuts the sharpness and yields a well-balanced, flavorful whiskey.

Maple Manhattan
2oz. Sapling Maple Rye
¼oz. Sweet Vermouth
Dash of Orange Bitters
Add ingredients into a shaker, shake vigorously.
Serve up with a Cherry Garnish.

By the case in 375ML and 750ML bottles.
35% Alc. by Vol. (70 Proof)

Honey Bourbon

Honey Bourbon was inspired by a family tradition of making honey liquors. As with our Maple Bourbon, we use Vermont-sourced raw honey and marry it with American bourbon. The result: pronounced bourbon flavor with a subtle honey tenor to ease any harsh bourbon overtones.

Vermont Prospector
3oz. Sapling Honey Bourbon
1oz. lemon juice
Put an ice sphere in a rocks glass and pour Sapling Honey Bourbon, and lemon juice… gently swirl around for a moment, then serve.

By the case in 750ML bottles.
40% Alc. by Vol. (80 Proof)

Perc Coffee Liqueur

Perc Coffee Liqueur is for coffee lovers. We use locally roasted Peruvian Arabica Beans and a touch of American cane Sugar to provide Perc with a fresh brewed coffee taste that separates us from typical offerings.

Maple Mudslide
1 oz. Sapling Maple Liqueur
½ oz. Perc Coffee Liqueur
½ oz. Irish Cream Liqueur
1 oz. milk or half & half
Mix ingredients in a shaker with ice. Shake vigorously. Pour over ice in your favorite glass.

By the case in 375ML and 750ML bottles.
35% Alc. by Vol. (70 Proof)

Snowdrop Gin

Our award-winning, aromatic gin, Snowdrop is vacuum distilled, meaning the botanicals are not "cooked" as they would be in a standard gin. The result: delicate aromatics redolent of fresh herbs. *Wine Enthusiast* gave Snowdrop 93 out of 100 in its spirits ratings, the highest for a New England–made gin, and ranked it in the Top 100 Spirits in the US in 2017.

Ginstock
2 oz. Snowdrop Gin
1 oz. lemon juice
1 tbsp. VT maple syrup
2 dashes orange bitters
Stir ingredients with ice and strain into glass.

By the case in 750ML bottles. 40% Alc. by Vol. (80 Proof)
