

“
THE BEST WHISKEY
TO STOCK YOUR
HOME BAR.”
GQ

Brewed first as an artisanal American pale ale, from scratch using locally malted barley, ale yeast, and slow, low-temperature fermentation. Distilled twice in custom, low-reflux copper pot stills designed to transform our fresh, flavorful ale into whiskey. Matured in new, low-char American oak barrels, then mingled in small batches to achieve our signature balance and boldness.
