AROMATIC PROFILE

AMBER AND COPPERED COLOUR

Walnuts, plums, nuts and liquorices aromas go with the sweetness of the malted flavours and the lightness of the vanilla wood.

This attack gives flavours of leaven, cocoa and fresh figs. Then the profile gets more complex with notes of cherries macerated in Kirsch, red fruits and candied oranges. Sweetness and generosity mix perfectly into a nice roundness.

The Golden Promise offers to our whole single malts this sweet and characteristic silky feeling.

"Its richness will surprise the experienced taster while fascinating the novice palate by its aromatic accessibility."
