THUNDER Mesquite Smoked Bourbon Whiskey

KC John's Thunder is a unique Mesquite Finished Bourbon.

Exploding with the hearty, smokiness of a great Islay, with the roasted agave notes of mezcal, this is a bourbon with a unique Country spin. The sweetness of the grain underlies an earthy smokiness that opens up on your palate as you breathe over the whiskey. THUNDER is a flavor and style collaboration with rising country artist KC Johns. Her country/rock style is reflected in the crossed guitars on the label, and the interplay of smoke and sweetness in this exciting new spirit.

Appearance

Dark Walnut

Mash Bill

Thunder is a high rye bourbon. Mostly sweet yellow corn, Thunder is about one fifth flaked hard kernal rye with enough malted barley to get a clean sweet beer.

70- 71% Corn

22 to 23% Rye

7% Malted Barley

Nose & Palate

As you pour your glass of Thunder and the whiskey opens up, you catch the aromas of a southern BBQ and your mouth begins to water. The smokiness harmonizes with the tart flavors of apricot, the sweetness of dark cherries, banana and toasted marshmallows.

Dark Cholcolate, roasted coffee, and caramelized maple sugar set the stage for smoked toffee, and Southern BBQ, and overlay the roasted agave impact of mezcal.

Thunder finishes with blackberry, cherry, toasted caramel and a delicate but pronounced mesquite smokiness.

Finishing

After we mature the whiskey in American Oak, we soften the flavors with a variety of French Oak. Golden toasted oak lends vanilla and butterscotch notes, and then hard charred oak deepens the whiskey. When our tastemistress declares the underlying whiskey perfect, we steep the whiskey with hard charred branches of Sonoran Mesquite from the Mexican desert to create Thunder. Enjoy.
